This list contains 812 loop installations incl. 460 houses of worship. Did I miss your venue and you'd like it to be listed? Email me.

Interested in advocating for a loop in a venue of *your* choice? Most loops materialize thanks to word of mouth, or when *one* person initiates the process. I am happy to help you do this.

For information or corrections contact

Dr. Juliëtte Sterkens, Audiologist
jsterkens@hearingloss.org

To be effective hearing loops must meet the IEC 60118-4 Hearing Loop Standard

Please post appropriate signage on the premises, websites and in bulletins. Want to see how that is done? Email me.

For more information visit: hearingloop.org
